

Table of Contents

Introduction.....	1
1.0 Goals and Objectives.....	5
1.1 Relationship between this Plan and other Planning Efforts.....	5
1.2 Goals of the Bicycle Master Plan.....	7
2.0 Existing Conditions.....	15
2.1 Definition of Bikeways.....	15
2.2 Existing Bicycle Facilities.....	15
2.3 Relevant Legislation and Policies.....	20
2.4 Bicycle Parking Facilities.....	21
2.5 Multi-Modal Connections.....	21
3.0 Needs Analysis.....	22
3.1 Commuter and Recreational Bicycle Needs.....	24
3.2 Accident Analysis.....	29
4.0 Recommended System & Improvements.....	32
4.1 Bicycle System.....	32
4.2 Creating a Bikeway System.....	32
4.3 Description of Proposed Bikeway Improvements.....	36
4.4 Bicycle Parking and Other Support Facilities.....	49
4.5 Bicycle Safety	53
4.6 Community and Employer Outreach.....	56
5.0 Design and Maintenance Standards.....	58
5.1 Existing Bicycle Design Standards and Classifications.....	58
5.2 General Design Recommendations.....	58
5.3 Class I, II, and III Bikeway Design Guidelines.....	59
5.4 Other Facilities.....	64
5.5 Other Design Guidelines.....	69
5.6 Monitoring, Maintenance and Security.....	80
6.0 Implementation Strategy.....	83
6.1 Cost Breakdown.....	83
6.2 Funding.....	86
6.3 Financing.....	93
